PROJECT

HeritEdge – Boosting Tourism
A Digital Tour Guide – Group Project

- Designed and developed HeritEdge, a digital tourism platform integrating AR/VR and Google Maps API to showcase the cultural richness of Indian states.
- Curated immersive experiences around regional food, traditional dress, dance, and festivals, enhancing user engagement and cultural appreciation.
- Collaborated with a multidisciplinary team to create interactive prototypes and storytelling elements for use in educational and promotional campaigns.
- Conducted user testing and feedback sessions, leading to a 25% improvement in user interaction metrics.

Portfolio Website
Independent Developer

- Designed and developed a responsive portfolio website using React Js to showcase academic projects and skills.
- Integrated features such as project galleries, downloadable resumes, and contact forms to enhance user engagement.
- Optimized performance and accessibility, resulting in faster load times and improved mobile responsiveness.
- Documented the development process and design rationale for peer and mentor reviews.

EDUCATION

Noida Institute of Engineering and technology | 2022–2026
Bachelor of Technology in Computer Science Engineering

- CGPA: 7.41

GHS School | 2022
12th from PCM Stream

- Percentage: 90.2

Vijay High School | 2020
10th

- Percentage: 96.2

SKILLS

React js
Html
CSS
Java Script
